

Graduate Program Review (Self) Report

National University of Sciences and Technology

Islamabad

June 06-07, 2024

The National University of Sciences & Technology (NUST), established in March 1991 and granted its charter in 1993, has emerged as a leading institution in Pakistan's higher education sector, with a strong emphasis on science and technology. Renowned for its rigorous academic standards and research aligned with industrial demands, NUST prepares professionals and researchers to tackle modern challenges through innovative teaching methods and cutting-edge research initiatives.

In compliance with HEC directives, the self-review of the Graduate Programs was conducted on June 06-07, 2024. The review panel included the following members.
